

Cicero School District #99 is proud to offer a vision discount program to eligible (full-time) employees and their families. There is no enrollment or participation fee. The First Plus vision program offers substantial savings for all general and specialty vision services including **Lasik** and high quality **non-prescription sunglasses**. Compare the discounted costs to the cost of any vision insurance plan being offered and see for yourself the considerable savings offered.

You and your dependents receive personalized vision care - from a Rosin Eyecare office location - including our office **at 6233 West Cermak Road in Berwyn**. A Rosin Eyecare office location list is attached and available.

The program is easy to use. Simply bring your Cicero School District ID card or a copy of the **First Plus** discount plan page to a Rosin office location. The customer service phone number is 708-749-6182.

This program is exclusive to **Cicero School District #99** employees and dependents only.

If you have any questions, you can contact the Human Resource Clerk, Tina Cruz, at (708) 863-4856 x152.

We hope you enjoy this wonderful benefit!
